

PRODUCT COMPARISON TO GUARDIAN CAPS

G8RSkin Shiesty

\$99

Youth Shiesty weighs 5-6 ounces

Adult Shiesty weighs 7-8 ounces

Useable for any helmeted sport

Does not void helmet certification,
because not attached nor incorporated
into the helmet

Average HARM reduction of 10% for NFL
Protocol testing done at an independent
laboratory

Average HARM reduction of 11% for 7.4
m/s hits, for NFL Protocol testing done
at an independent laboratory

All testing done with ONE Shiesty

[Click HERE for more Science and
Testing data on the G8RSkin Shiesty!](#)

Guardian Caps

XT - \$70 / NXT - \$125

Guardian Cap XT weighs over 7 ounces

Guardian Cap NXT weighs over 12.5 ounces

Only football, hockey, and lacrosse -
not cross-functional

Can void helmet certification

For the NXT version, average HARM reduction
of 9% for NFL Protocol as per Biocore study

For the NXT version, average HARM reduction
of 10% for 7.4 m/s hits as per Stanford study

All testing above done with two
Guardian Caps

XT versions (sold to High Schools and Youth)
significantly less effective
